THE JOURNAL

— OF THE —

FRANKLIN INSTITUTE,

DEVOTED TO

SCIENCE AND THE MECHANIC ARTS.

EDITED BY

Dr. H. W. Jayne, Chairman; Mr. Edwin Swift Balch, James Christie, Dr. Persifor Frazer, Mr. Louis E. Levy, Committee on Publications;
with the Assistance of
Dr. Wm. H. Wahl, Secretary of the Institute.

VOL. CLXIII.—Nos. 973-978.

(82nd YEAR.)

JANUARY—JUNE, 1907.

PHILADELPHIA:

Published by the Institute, at the Hall, 15 South Seventh Street.

1907.

JOURNAL OF THE FRANKLIN INSTITUTE

Vol. CLXIII.—January-June, 1907.

INDEX.

Ahlum, C. Chester. Analysis of chalybeate waters....49
Alcohol, tax-free. (Sy)....57
Alumenum coated sheets....454
Artesian, what is meant by the word....67

Battleship construction, modern....56
Bismuth, production of in 1905....140
Boiler construction and rating....330
Book Notices....150, 244, 325, 396,
Borax, production of in 1905....107
Bradbury, Robert H. Colloidal solution, the intermediate state between solution and suspension....383
Bridge, James Howard. Ozone: its nature, production and uses....355
British trade in late years....434

Campbell, Wm. Change in structure in iron and steel....407
Car axles, the art of manufacture. (Loss)....1
Carter, Oscar C. S. Irrigation and the Government irrigation project at Yuma....217
Chalybeate waters, analysis of. (Ahlum)....49
Chesapeake & Delaware Canal. (Haupt)....81
Chrome iron ore, production of in 1905....108
Coal in California, production of in 1905....216
Colloidal solution, &c. (Bradbury)....383
Committee on Science and the Arts. Reports. (See Franklin Institute.)
Copper, the production of in 1905....30

de Forest, Lee. Recent developments in wireless telegraphy....461
Device for relieving forces due to inertia and weight of valve gears. Lovekin's Report on....475
Doolittle, R. E. The inspection of imported food products....201
Dyeing process, theory of the. (Matthews)....455

Eglin, W. C. L. High-efficiency incandescent lamps....400
Electricity in the home. (Mauger)....326
Energy, electrical and chemical. (Westman)....185

Fireproof insulated wire, Heany's Report on....478
Floods, destructive, in 1905....55
Food products, inspection of. (Doolittle)....201

163656

Frahm's speed indicator, Report on....476
FRANKLIN INSTITUTE:
Annual Meeting. Election of officers, managers and committeemen, 152; Birkinbine, John: Retirement as President of the Institute. Resolutions....79, 80, 401, 402
Clark, Walton: Election as President....152
FRANKLIN FUND: Grant of to the Franklin Institute by the Board of Directors of the City Trust....401
Schools: Annual reports of the....402
Sections: Proceedings of meetings....148, 326, 398, 473
Stated Meetings: Proceedings of....79, 152, 400, 401, 474
Frazer, Persifor. Scientific methods in the study of handwriting....245
Freight cars delivered on street railroads....381
Furnaces, efficiency of. (Richards)....129

Ganz, Albert F. The physical meaning of power factor, etc....148
Gas, coke, tar and ammonia, production of....164
Gas engines, Sargent's; Report on....479
Gold, production of in 1905....55
Goldsmith, Edward, Observations on a recent trip to the Windward Islands....399
Graham, John Howard. Observations on the yellow modification of molybdic acid....69
Grindstones, wet and dry, strength of....30

Handwriting, scientific methods in the study of. (Frazer)....245
Haupt, Lewis M. The Chesapeake & Delaware Canal....81
Heany's fireproof insulated wire. Report on....478
Heilprin, Angelo. The interrelation between earthquake and volcanic phenomena....398
Human side of the engineering profession. (Karapetoff)....401
Himes, Chas F. Treatment of written historical documents for preservation....161
Historical documents, treatment of, for preservation. (Himes)....161
Hoge, James B. Independent telephone development....31

Independent telephone development. (Hoge)....31
India, industrial development in....382
Iron and steel, change of structure in. (Campbell)....407
Iron ores, production of in 1905....30
Irrigation and the Government irrigation project at Yuma. (Carter)....217
Irwin, J C. Railway management and safety devices....311
Karapetoff, V. The human side of the engineering profession....401

Kebler, Lyman F. Some well known synthetic chemicals, etc....303
Lead, production of in 1905....128
Leffmann, Henry. Electrical methods, direct and indirect, for the purification of water....398
Locomotive, the modern. (Warner)....331
Loss, Henric V. von Z. The art of manufacture of railway car axles....1

Lovekin's device for relieving forces due to inertia and the weight of valve gears. Report on....475

Manganese, production of in 1905....74
Matthews, J. Merritt. Theory of the dyeing process....455
Mauger, H I. Electricity in the home....326
Mineral production of the United States; also by States....183, 184
Molybdic acid, observations on the yellow modification of. (Graham)....69
Mullaly, John. The first Atlantic telegraph cable....141, 165
Mullaly, John. The first Atlantic telegraph cable. (Supplementary note)....327

Natural gas, measurement of....128

Obituary notice. SAMUEL SARTAIN....471
Oxodium. (Smith-Balderston)....400
Ozone: its nature, production and uses. (Bridge)....355

Pan-American railway....74
Pavements. (See street pavements)....435
Pictoral composition for beginners in photography. (Ridpath)....75
Pig iron, production of in 1905....68
Platinum, production of in 1905....108
Portland cement....353
Pressed-steel Car Co....382

Railroad management and safety devices. (Irwin)....311
Railway car axles. (See Loss)....1
Richards, Joseph W. Efficiency of furnaces....129
Ridpath, J. W. Pictoral composition for beginners in photography....75
Rock analysis....302
Roosevelt dam, Government irrigation project at Salt River, Arizona....277

Sargent's gas engine. Report on....478
SAMUEL SARTAIN. Obituary notice of....471
Sheets, alumenum coated....454
Silver, production of in 1905....55
Silver, rolled sterling, manufacture of. (Sperry)....109
Slate, methods of testing....200
Smelter-smoke question....329
Speed indicator, Frahm's; Report on....476
Sperry, Erwin S. Manufacture of rolled sterling silver....109
Stream measurements, reports of....56
Stream pollution by acid iron wastes....163
Street pavements, the development of. (Tillson)....435
Structure, change of, in iron and steel. (Campbell)....407
Sy, Albert P. Tax-free alcohol....57
Synthetic chemicals. (Kebler)....303
Tantalum incandescent lamps. (Eglin)....400
Tax-free alcohol. (Sy)....57

Telegraph cable, the first Atlantic. (Mullaly).....141, 165
Telegraphy, wireless. (See de Forest).....461
Telephone development. (See Hoge).....31
Telephone line construction.....354
Tillson, Geo W. The development of street pavements.....435

Trade in late years, British.....434

Warner, Paul T. The modern locomotive.....331
Water, electrical methods for the purification of. (Leffmann).....398
Westman, Gustav M. Electrical and chemical energy.....185
Wireless telegraphy, recent developments in. (de Forest).....461
Wood, effect of duration of stress on strength and stiffness of.....242

Yuma, the Government irrigation project at. (Carter).....217

Zinc, production of in 1905.....140
